Art Is Too Important Not To Share
Everyday is filled with creative exploration at Starlight Studio and Art Gallery

Here’s How Your Gift Enhances A Starlight Artist’s Life:

Alexandra gets to make beautiful digital paintings with the help of one of our Teaching Artists.

Mathew had the opportunity to work large scale this year when he was commissioned to create the backdrop for Arts Services Initiative of WNY’s 2019 SPARK Awards.

Zeyneb contributed her original art inspired by things she sees in everyday life to our mural at 170 Lemon Street. Mural was funded by the Buffalo Niagara Medical Campus.

Eric chose to support healthy lifestyles and volunteer at the Massachusetts Ave Project Mobile Market at Neighborhood Health Center.

WE DID IT! Our new façade, designed by Steve Robinson and painted by Starlight Artists, was permanently installed this summer!

Steve worked hard this year and was part of a Starlight Side-By-Each exhibit, Beneath The Pines, with Daniel Galas and Ron Steele.
